## PYTHIANS JOURNEY ACROSS THE SANDS TO BE THE GUESTS OF M'KINLEY LODGE

Ten auto loads of Knights of Pythias motored over to Goldfield last night on invitation of McKinley lodge No. 26 to enjoy a joint initiation and an entertainment that had been discussed for some months. The guests were all members of Mizpah lodge No. 25, of Tonopah, and the remarkable feature of the gathering was the presence of three past grand chancellors of the Domain of Nevada in the persons of C. D. Ziegler, W. W. Booth, of Tonopah, and W. D. Hatton, of Goldfield. The lodge work included conferring the degree of page, after which the business session closed and the Pythians were invited to a spread in the banquet hall, where a four piece orchestra discoursed the latest melodies until the speakers began to regale their hearers with reminiscences of the order. The program states, which automatically becomes the National Woman's party in suffrage states.

## CAMPAIGN WILL BE A WHIRLWIND

(By Associated Press.)  
SAN FRANCISCO, Sept. 16.—Plans for a whirlwind campaign by California women against President Wilson and his Democratic colleagues, for their opposition to granting nation wide suffrage to women, were made here today at a conference of the state branch of the National Woman's party. Several hundred members from various sections of the state attended. Mrs. Phoebe Hearst, vice chairman of the national party, presided.

Final organization of the California executive committee of the party was effected. Mrs. Ida Finney Mackrille, of San Francisco, was expected to be chosen chairman at the election held today, to succeed Miss Gail Laughlin, of San Francisco, who is to leave the state. Miss Laughlin has been chairman of the California committee of the Congressional union, an organization of women in non-suffrage states.

## To the Voters of Nye County,

Greeting:  
The Republican County Central Committee, after due deliberation and consideration of possible candidates for the important office of Sheriff and Assessor of Nye County, decided that the importance of that office to the taxpayers demanded a man of ability to handle it efficiently.

After several caucus meetings, and committee meetings, we adopted the Swiss plan of selecting the man we wanted, and then going to him and asking him to accept the nomination.

The office is one of extreme importance to the taxpayers, as it is this office that appraises the property and assesses the taxes, and it requires competency and efficiency.

Mr. Letson Balliet in our estimation is particularly fitted for this position and he was the unanimous choice of the Republican County Central Committee.

Mr. Balliet did not want the office, nor ask for it, and was not present at the meetings when he was decided upon.

At our request he has accepted the offer and will be our candidate. In making this selection we took into consideration, that Mr. Balliet has been in Nevada most of the time for twenty years, nearly twelve years of that time in Tonopah. He was interested in the automobile stage lines in the early days of Tonopah and is thoroughly acquainted with every part of the county.

For ten years he has been employed by the Buckeye Mining Co., and is still in their employ.

He is also interested in mining properties in Manhattan and Round Mountain, and has been a most consistent advocate of the merits of those places. During all these years he has brought as much outside money into Tonopah development as any other operator. He has spent it efficiently and legitimately in the development of this county and has gained a national reputation as an Efficiency Engineer.

Mr. Balliet contributes many articles to the technical journals of the country, which are widely read and used as authorities upon efficiency.

Mr. Balliet has not assumed to tell us here on the desert of his outside work; he is simply one of the pioneers of the desert, who has helped make Tonopah, Manhattan, Round Mountain and Rhyolite what they are. As a citizen he is interested in everything for the betterment of the country. He has shown it by bringing money here and staying here himself.

Mr. Balliet was born in the town of Nevada, Storey County, Iowa, in 1873, and was educated in the Engineering School of Drake University at Des Moines. His father, Judge Stephen F. Balliet, who lived in Tonopah and died here in 1910, was a lawyer and judge in Iowa. Mr. Balliet himself has considerable knowledge of law.

In making this selection and asking Mr. Balliet to accept the nomination for Sheriff, we feel that we have picked the best qualified man in Tonopah for the office.

Mr. Balliet was for four years Master of Finance of the K. P. Lodge and is now and has been almost since the beginning the Treasurer of the Odd Fellows Building association and has been at various times one of the Trustees of both lodges.

We solicit and recommend the hearty support of every citizen of Nye County to Mr. Balliet's candidacy.

Very respectfully,

Nye County Republican Central Committee.

Adv. By ALFRED BOYLE, Secretary.

## PUBLISHERS IN GRIP OF TRUST

(By Associated Press.)  
WASHINGTON, Sept. 16.—Chairman Hurley, of the Federal Trade commission, published a statement which he delivered to the executive committee of the Newspaper Manufacturers' association. The latter met to consider the commission's proposals as a means to protect the smaller publisher dependent on the open market for paper, in danger of being cut off from a supply. He said the conditions were critical for publishers who built up a circulation on the basis of paper at two and three cents and who now are obliged to pay in many cases exceeding six cents. He believed jobbers, in some instances, were making excessive profit. According to reports, he said, the salesmen for one such house urged small newspapers to purchase at five cents, telling them the price soon would reach seven and possibly ten cents.

## SUDDEN DEATH OF VENERABLE PYTHIAN

Dan Coll, aged 55, one of the oldest Knights of Pythias of Nevada, died suddenly this morning in Reno, according to a wire received by Mrs. T. E. Shaughnessy, a close friend of the family, who will leave for Reno in the morning to sympathize with the family.

The deceased operated the Cottage hotel at Tuscarora for many years and went to Reno 14 years ago. He leaves a widow and one daughter, Mrs. R. G. McFadden, of Petaluma; a son, Dan Coll, of Reno, and a stepson, C. W. Stark, of Goldfield, who left that camp a month ago to

## Associated Consulting Engineers

Are you paying freight on water? Are your molasses excessive? Are your cars properly weighed and cleaned out at the Sampler or Smelter? Are you getting paid full value of your ore, or are you losing ore by excessive moisture and another portion by improperly cleaned cars?

Mooh for you. We have competent men at the various Samplers and Smelters to see that our Clients' ore are correctly weighed and sampled, that our cars are clean when weighed light, and that he gets a prompt and correct settlement for his ore. For this service and anything that may come up in interest of shipper, our charge is based on tonnage and will be justified on application. We are saving money for others, why not for you?
